LEGACY LOCKERS TEAM LOCKER SPECIFICATIONS Section 10500 Wood Lockers

PART 1 - GENERAL

1.01 Section Includes. Provide new wood lockers and related items as specified.

1.01 Submittals

A. Shop drawings showing individual locker construction, materials, dimensions, room layout and dimensions for installation, installation details including finished end panels, filler panels, crown molding, trim and accessories provided upon request.

B. Stain and color chip samples for both wood and laminate doors are available upon request.

1.02 Product Handling

Do not deliver lockers until building is enclosed and ready for locker installation. Store lockers and related products in a dry, climate controlled area in order to protect finished from damage during storage and handling.

PART 2 - PRODUCTS

2.01 Materials

A. Furnish Team Lockers as manufactured by:
Legacy Lockers
900 Solon Road
Waxahachie, TX 75165
Phone (972) 937-1088
Fax (972) 937-1089

B. Locker Frame

- a. Interior and shelves constructed of: (*Select One*)
 - i. 3/4" Stain resistant, scratch resistant, high density thermally fused melamine from Legacy's standard range of colors.
 - ii. 5/8" Industrial grade core with .030" vertical grade plastic laminate. Door edge edge-banded with 2 mm PVC offered in a variety of colors to match, closely complement or contrast selected laminate.
 - iii. 3/4" A-1 plain sliced veneer on industrial grade particleboard core. Available in many wood species and cuts.
- b. Locking systems: (*Select One*)
 - i. Legacy Athletic Lock
 - ii. Heavy Duty Key Locks furnished with two (2) keys per lock
 - iii. Padlock Hasp
 - iv. High Security Hasp
 - v. MasterLock Combination Lock
 - vi. Digilock
 - vii. Other locks available on request
- c. Hinges: Two (2) heavy duty, steel European concealed hinges with up to 130 degrees of door opening on all doors 42" or less. Three (3) hinges on all doors over 42".
- d. Hardware available in brass or chrome finish (*Select all that apply & quantity of each*):
 - i. Name Plate
 - ii. Number Disk
 - iii. Door Knob
 - iv. Coat Rod
 - v. Coat Hooks
- e. Venting: Optional ventilation grills available in a variety of sizes and colors.

C. Doors

- a. 3/4" Stain resistant, scratch resistant, high density thermally fused melamine from Legacy's standard range of colors

- b. Laminate: 5/8" industrial grade core with .030" vertical grade plastic laminate. Door edge edge-banded with 2 mm PVC offered in a variety of colors to match or closely complement selected laminate.
 - c. Slab Veneer: 3/4" A-1 plain sliced veneer on industrial grade particleboard core. Available in many wood species and cuts.
 - d. Raised Panel: 3/4" kiln dried solid wood available in many styles and species. Raised panel is 3/4" thick. All style and rail joints are glued together with moisture resistant glue for increased durability. Door edges are rounded.
 - e. Louver: 3/4" solid wood available in many species. All style and rail joints are doweled and glued together. Louvers are in fixed position.
- D. Ends and Fillers: Locker end, filler and back panels matching locker interior and/or door style cover exposed sides, backs and intersections.
- E. Finish: Multiple finishes and stains available. All wood surfaces are finished using a catalyzed polymer lacquer applied in two coats with hand sanding in between coats and sealed with moisture resistant top coat. Custom stain matches available.

2.02 Fabrication:

Fabricate locker parts square and rigid without warp with the finished faces flat and free of scratches and chips. Lockers shall be built on the unit principle - each locker shall have an individual top, bottom, back and shelves.

PART 3 - EXECUTION

3.01 Installation

- A. Install lockers and accessories in accordance with manufacturer's approved layout, drawings and instructions for a plumb, rigid and flush installation. Finished end panels, back panel, filler panel, valance and slope tops shall be installed using concealed fasteners.
- B. Lockers to be installed on a 2"x4" or 2"x6" base per design drawing, supplied either by manufacturer or by owner according to contract. Base extending from the wall 2" less than the locker depth. Installation instructions and connector bolts are to be provided by manufacturer
- C. Anchor lockers to wall studs or furring strips attached to wall through locker back and to the base through the locker floor. Attach lockers together through predrilled holes with manufacturer supplied connectors.
- D. Adjust doors and hinges to accommodate uniform spacing after installation of lockers. Verify all working parts of locker including hinge and lock function. Attach number disks in specified sequence. Clean lockers and deliver keys and pertinent information to appropriate individual.

Part 4 - WARRANTY

4.01

All wood parts and hardware shall be structurally sound and free from defects in material and workmanship under normal use and service for a period of three (3) years from date of delivery. All locking mechanisms are warranted for one (1) year.

Manufacturer reserves the right to modify, change or alter the design and/or specifications without prior notice. Lockers must be secured to the wall and/or floor prior to use for user safety.

LEGACY LOCKERS: YOUR CHOICE FOR CUSTOM TEAM LOCKERS

The days of bare metal cages are long gone. Modern construction techniques, attractive and durable finishes, and advanced electronics have entered the locker room. Networked audio/visual systems, phone and internet connectivity, even integrated fresh-air capabilities are only a few of the ways Legacy Lockers is preparing to meet the unique demands of modern athletic facilities. Legacy Lockers engineers every team locker for years of trouble-free service and like-new appearance. From rigid marine grade substrates to enduring finishes and high-strength assemblies, Legacy Lockers delivers the durability, functionality, and aesthetic quality you demand - and athletes will value - for years to come. For complete information on our team lockers and other product lines, please contact your representative today toll free at 1-866-937-1088. Continue the legacy of your athletic organization - with Legacy Lockers.

SECURITY & HARDWARE

Securely storing athlete's personal belongings during both practice and competition is a top concern of athletic organizations. Legacy Lockers offers many security options that allow athletes to focus on their sport without having to worry about their possessions or locker key.

Legacy Lockers takes great pride in offering extremely high quality hinges, fasteners, and handles to ensure years of trouble-free use.

SEATING

All team lockers provide a seating surface for your athlete. Legacy Lockers also offers custom benches and stools, finished to match your team lockers perfectly. Cushioned seats, with or without a team logo, are also available for all seating.
